

THE CENTRAL RECORD

PURE RELIGION, UNTARNISHED DEMOCRACY AND GOOD GOVERNMENT.

TWENTY SECOND YEAR.

LANCASTER, KY., FRIDAY, OCTOBER 20, 1911.

NUMBER 28.

HEATING AND PLUMBING.

We use the best material the market affords. Let us make you an estimate on your wants.

We install the Pneumatic Water System in country homes.

All inquiries cheerfully answered.

CONN BROTHERS

Lancaster, Ky.

Gov. Beckham is going to speak in Lancaster on the afternoon of Oct. 28th.

Dont fail to hear Hon. John S. Rhea at the court house Monday afternoon (court day) He is one of the best speakers you ever heard.

Lost—On Sunday night between Baptist church and home, a crescent brooch. Reward if returned to Miss Pearl Bettis at Batson's Store.

A telegram was received here on last Thursday announcing the arrival of a little girl at the home of Mr and Mrs Jake Miller in Charleston, W. Va. The little Miss has been christened Lillian Lucile and is a grand daughter of Mr and Mrs N. Miller of this city.

A Long Trip.

Mr. James R. Henry of Kirksville is on a visit to friends and relatives in Atlantic and other Illinois towns. He is accompanied by his wife daughter and one son, John R. Henry. Mr. Henry made the entire trip in his automobile and reports a very novel as well as enjoyable experience.

Republican Rally

The republicans of this county are going to have a grand rally this Friday. Judge O'Rear and other speakers will be on hand with a big brass band.

A big band concert will be given in the park from 10 to 12 o'clock in the morning. Mr. R. H. Batson has insured charge of the advertising which includes a large crowd.

'Twas Ever Thus.

The candidate in the Nicholasville contest upon whom we had pinned out faith as a winner, Miss Juliet Welch, went down in defeat, the prize going to Miss Royce. However Miss Welch 476,950 votes, which is a splendid evidence of her popularity, even if she did not win, and not a single one of the votes were bought.

John F. Wagers Suffers Another Stroke Of Paralysis.

Ex-Sheriff John F. Wagers, who suffered a severe stroke of paralysis last winter, and from which he had about recovered, had a slight return of the disease on last Friday. Mr. Wagers collapsed and at first he was thought to be in a very serious condition, but has improved considerably during the past two days. Both attacks were in the left side, and while the paralysis is somewhat allayed Mr. Wagers is suffering considerably with rheumatism in the right side. His friends will be glad to receive tidings of his continual improvement.—Richmond Climax.

Hon John M. Farra is going some these days and says that he is sure to be elected representative at the coming election.

Mrs. Elizabeth Denny lost a Black Jet cross with pearl center between the Presbyterian church and her room Richmond street, on Wednesday night. If found return to her.

Mr. Lee Gott Loses Residence.

The residence and contents of Mr. Lee Gott on Main street were completely destroyed by fire about 12 o'clock Saturday night. The origin of the conflagration is unknown. Mr. Gott estimates his loss at about \$3,500; with \$1,500 insurance. Mr. Gott is a member of the firm of Gott Bros. of this place.—"Climax"

"Big Injun" Has A Birthday.

Mr. S. D. Rothwell celebrated a birthday Tuesday. Just how old he was we did not hear and did not know, would be afraid to incur his enmity by telling, but anyway he gathered about him a few of his old comrades in arms, old masons and other friends, and they certainly had a splendid time at the best place in the county for having a good time, the Dripping Springs. Among the Lancaster friends of Mr. Rothwell who attended, were Messrs. R. Boyle, G. S. Greenleaf, J. A. Stone, Tom Wherritt and J. P. Prather.

Another Set Of Candidates For City Council Probable.

As we go to press we understand that there is an effort on foot to put up another set of candidates for the offices of city councilmen, the members of the proposed board to be composed of gentlemen, who favor the selling of a telephone franchise with rates fixed at from \$1.40 to \$3.00. The matter has not as yet reached a tangible form and we are unable to secure the names of any of the prospective candidates.

Old Kentucky Good Enough For Dr. Sandlin

It will be pleasant news to the friends of Dr. H. G. Sandlin and family to know that they have returned to Richmond to reside. Dr. Sandlin left about two weeks ago for Texas with a view to making his home in that State, but on arriving he and his family soon discovered they could not become reconciled to the Lone Star State as a permanent abode and have returned to Richmond, as Dr. Sandlin expressed himself "to live always."—Richmond Climax.

W. H. Traylor Dies.

W. H. (Henry) Traylor died suddenly Tuesday afternoon at his home at "Edgewood" of heart trouble. His remains were laid to rest in the family burying ground at Goshen at 11 o'clock Thursday morning. Mr. Traylor was 64 years of age and was unmarried.

Henry Traylor while living in Lincoln county, was prominently identified with Garrard county affairs and had a host of friends here. Nothing was ever attempted in this county for the good of the community but what he gave both of his energy and means in support, and in this and many other ways he endeared himself to Garrard county people. Mr. Traylor never married, but he took a delight in forming about him a family circle of his relatives and friends, and his beautiful home at "Edgewood" is famous for the hospitality dispensed there. Whole souled, genial, charitable to a fault, Henry Traylor will be sadly missed, both in his home county and the surrounding counties.

A Strong Firm.

Dr. Wm. Burnett has sold his handsome residence on Water street to Dr. W. Mc. Elliott of Bryantsville for \$5,000. Dr. Elliott will take possession of his new purchase on January 1st, at which time Dr. Burnett will go to boarding, at least for a time. Upon the coming of Dr. Elliott to town he will form a partnership with Dr. Burnett, thereby forming one of the strongest firms of physicians in Central Kentucky. Dr. Burnett already enjoys one of the most lucrative practices in the county and the advent of Dr. Elliott into the city will materially strengthen our already splendid force of physicians.

Dr. Elliott is by no means a stranger to the people of Lancaster, having lived here with his father, the late Dr. Milton Elliott, until after he became a practicing physician, when he located at Bryantsville. Dr. Elliott has been practicing medicine for the last fifteen years with marked success. He is a splendid gentleman, and he and his family will be warmly welcomed to Lancaster.

Public Auction.

I will sell at public auction on the public square at Lancaster, Ky. on Saturday, Oct. 28th, 1911, at 11 A. M. One Geiser Threshing Machine and Saw Mill. The Mill is now at work on the farm of R. K. Swope near Bryantsville. The separator is at my place near Marksburg. Any one desiring to buy can see same at the above places, and bid on them on the above date. Also some cooking utensils that go with the machinery. Terms one-fourth cash, balance 6.12 and 18 months with interest at 6 per cent.

M. G. Aldridge
Am Bourne, Auct. Marksburg, Ky.

BURCOO

Burley Tobacco And Gratory At Lexington On Thursday October 26th.

The Lexington Leader is authority for the statement that the Burley Tobacco Society will have a big rally and jollification at Lexington on October 26th, to which every tobacco grower in Kentucky, both landlord and tenant, are invited and urged to attend. At this time the fully details of the new pooling scheme, including the big factory, will be explained in detail. Some of the best speakers in the country will be present and will address the crowd, the list includes Congressman A. O. Stanley, Senator Bradley and possible Joseph Basley of Texas, also at last a dozen other speakers of less prominence, but who are doubtless equally as familiar with the situation as the gentlemen named.

Every tobacco grower who can possibly make his arrangements to do so should attend, for aside from hearing some speaking and having a days enjoyment, he will have the tobacco situation thoroughly and intelligently to him.

Water Works.

At last steps have been taken by the City Council, which if not voted down by the people will mean that Lancaster is to have a good system water works. On Monday morning the board of health notified the Mayor that if something were not done immediately that the entire system would be condemned. The council immediately got busy and called a mass meeting of the citizens on Monday evening also a special meeting of the council. Nearly all the people present were in favor of issuing twelve thousand dollars worth of bonds and extending the pipes to the river. In order to borrow this money, it is necessary that a vote be taken and that it carry by two thirds majority. The vote will be taken at this November election. Some of the citizens thought at first that it would be better to wait, however if the vote not taken this year we will have to wait for another year as the vote can only be taken at a regular election. The water is bad in its present condition and there is no doubt but that it must cause some sickness. Where public health is at stake, we are in favor of remedying it if possible. In this case it is possible if the system is conducted properly so it is now left to the voters to say whether they want pure water or whether they want none at all.

It is claimed by the board of health that it is possible to contract disease from the streets where they are sprinkled with this lake water. Do you want to endanger the lives of your loved ones for the sake of a few paltry dollars or do you want to vote these bonds and go to the river and forever afterwards have good water.

It is true that this matter ought to have been looked into several months ago if the vote was going to be taken this fall, however the council had intended to have an expert man here in the spring and have him give his estimate etc. but they haven't time for this now as the board of health has come in and said "your water is bad and if you dont remedy it then we are going to cut you out of water". There is no doubt but what the water works system has more than paid for itself, in putting out fires. It has lowered our insurance rate, and when we have good water the entire system ought to be on a paying basis in a few years as more people will put in water.

After these bonds are issued, if they carry at the November election, it will be left to the city council to say what system we will have. They may think best to put in a stand pipe or they may establish a pumping station at the river and pump water into a tank to be built at lake. If they do away with the lake, they can sell it at a good price as they have twenty acres of land with it.

Mr. W. R. Cook, and others over whose land the proposed extension passes have said that they would gladly give the right of way, provided they be allowed to tap the pipes. This leaves the city free to put in the pipes and pump their water any where. It may be that the new system will not cost over five or six thousand dollars and if such is the case then only that amount of bonds will be sold.

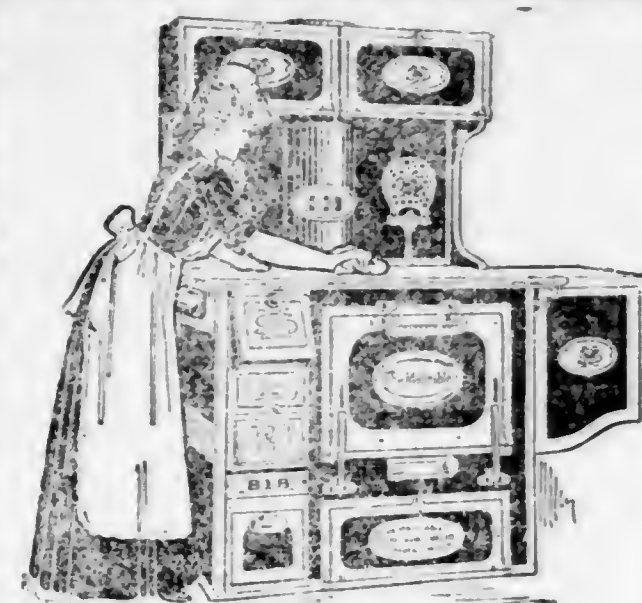

We have heard a number of voters express themselves and they were in favor of the extension at any cost. Who knows but that the four cases of fever at the hospital now were contracted from this lake water. Of course no one would drink the water in its present condition but the fever might be contracted while any one were washing their hands or merely passing it and smelling.

Why delay so important a task? Let the people get busy and on the 7th. of November vote in favor of the bond issue. The law will not permit the tax payer to pay any more tax than they are paying now so your vote in favor of the bond issue will not raise your tax one cent.

Taxes Are Due.

The city has been to a big expense in fixing the streets and other things and the taxes are due. Please call at once and pay same as the penalty goes on the first of November. Don't delay.

L. E. Herron.
City Tax Collector.

ANNOUNCEMENTS

For County Judge.

We are authorized to announce Clayton A. Arnold as a candidate for County Judge of Garrard County subject to the action of the democratic party.

We are authorized to announce James A. Beazley as a candidate for County Judge of Garrard county, subject to the action of the Democratic party.

For Sheriff.

We are authorized to announce C. A. Robinson as a candidate for Sheriff of Garrard County, subject to the action of the Democratic party.

We are authorized to announce Ashby Arnold as a candidate for sheriff of Garrard county, subject to the action of the democratic party.

We are authorized to announce W. L. Lawson for sheriff of Garrard county, subject to the action of the democratic party.

For Assessor.

We are authorized to announce Dave C. Sanders as a candidate for Assessor of Garrard county subject to the action of the democratic party.

We are authorized to announce Mr. E. B. Ray as a candidate for the nomination of Assessor of Garrard County, subject to the action of the democratic party.

We are authorized to announce J. B. Collier as a candidate for the nomination for assessor of Garrard county, subject to the action of the democratic party.

We are authorized to announce W. L. Huffman for a candidate for assessor of Garrard county subject to the action of the Democratic party.

For Magistrate.

We are authorized to announce John N. White as a candidate for Magistrate, in the first district of Garrard county, subject to the action of the democratic party.

We are authorized to announce Walton E. Moss as a candidate for Magistrate in the first district of Garrard County, subject to the action of the democratic party.

For City Councilman.

We are authorized to announce B. F. Walter, as a candidate for councilman of the city of Lancaster, Ky. Election November 7th 1911.

We are authorized to announce R. P. Gregory, as a candidate for councilman of the city of Lancaster, Ky. Election November 7th 1911.

We are authorized to announce Wm. Herndon, as a candidate for councilman of the city of Lancaster, Ky. Election November 7th 1911.

We are authorized to announce G. S. Greenleaf, as a candidate for Councilman of the city of Lancaster, Ky. Election November 7th 1911.

We are authorized to announce H. Clay Hamilton as a candidate for councilman of the city of Lancaster, Ky. Election November 7th 1911.

We are authorized to announce W. M. Zanoné as a candidate for councilman of the city of Lancaster, Ky. Election November 7th 1911.

Republican Ticket.

We are authorized to announce John L. Dozier as a candidate for Legislature from Garrard county, he being the regular nominee of the republican party.

Governor Willson has designated Friday October 27th as "Arbor Day". Arbor day was first brought to notice in 1872 when Hon. J. Sterling Morton, then Secretary of Agriculture under President Cleveland, suggested it as a proper method of conserving the forests of the country, even at that time showing the inroads of the woodsmen, and which are rapidly being depleted.

The idea then advanced gained ground until now "Arbor Day" is observed by every state in the union, and it has been made the subject of many pamphlets by the Bureau of Emigration and Forestry of the Government. They have also issued literature to the various educators asking that the school children hold proper exercises on that day, and that each of them plant a tree upon that day.

This planting of a tree is a beautiful thought and one that may be of great value to posterity. Our forests are being rapidly depleted, and if something is not done to replace the cut timber it will not be a great while until the great American forest will be a thing of the past, will have passed into history, in fact unless some remedy is provided, wood will be a scarcity in generations to come. Of course we may never live to see this wood famine, but do we not owe it to our children and to our children's children to see to it that trees are provided for them to take the place of the ones which have been so ruthlessly destroyed by us, to insure to them the advantages which we have enjoyed. A very simple and easy method of making provision is to have every school child plant a tree on this memorable "Arbor Day", then to nurture and care for that tree in the years to come and to repeat the operation annually, thus insuring to the coming generations an abundant supply of timber and ample shade to protect them from the noonday sun.

The State Board of Control in session in Frankfort last Friday caused to be entered an order removing Dr. R. L. Willis as Superintendent of the Eastern Kentucky Asylum for the Insane at Lexington Ky. The order is a long one reciting several causes for the removal of Dr. Willis, but attributing most of them to admission rather than commission. The principal charges are inefficiency, that he has failed to keep in touch with the business affairs of the asylum, that he has failed signally in the management of the financial affairs of the institution, want of harmony and supervision with and over the employees, failure to carry out orders of the board and the general failure to discharge his duties. Dr. Willis secured from the Fayette Circuit Court a temporary restraining order, thus preventing temporarily his removal, said injunction is to be heard on October 21st. His grounds for resisting his removal are supposedly that he was appointed for a term of years, and therefore may not be removed before the expiration of that time without good and sufficient reasons.

Wherever Ollie James has spoken he has created the greatest enthusiasm, and the crowds that have come to hear him have been numbered by the thousands. His arraignment of the Republican party and its President for their failure to live up to their platform pledges, has been received with the greatest favor. The people are eager to hear the fullest discussion of national questions, and Mr. James has covered the ground in a most eloquent and convincing way. Nothing is surer than that the next Legislature of Kentucky will be Democratic, and that Ollie James will serve the six year's term in the United States Senate.

Stockholders of the L. & N. Railroad Company have voted to establish their own telegraph and telephone service along the line of road; The new wires will also receive public business. Since 1884 the company had its service furnished by the Western Union. On August 17 last, the contract expired, and the management of the Louisville and Nashville recommended that instead of entering into another contract, the company should build its own lines.

Hon. James Garnett is proving a tower of strength to the party, not only in the Eleventh District, where his following among both Democrats and Republicans is very large, but in every other section of the State. He is recognized as a man of loyalty and proved ability, and a man of the highest personal integrity. The office he seeks is one of the most important in the State, and the Democrats are fortunate to have as their candidate a man of Jim Garnett's standing and talents.

The appointment of McCulloch President of the Distillers Association, has about convinced Temperance element that Judge O'Rrer is rapidly getting into very bad company. When he accepted the contributions of the President of one of the biggest whiskey concerns in the state, are afraid that his platform pretensions are more sounding brass and tinkling symbols.

Services For Prisoners.

Bro. Tinder held services at the county jail Sunday afternoon for the benefit of the prisoners. He was accompanied by a number of the good ladies of the town who assisted him in the services. After a short talk by Bro. Tinder, prayers and songs were had. This is very commendable and should be repeated at regular intervals.

The Sick.

All the sick are improving; Judge Walker is able to sit up and to take some nourishment, and it is hoped that he will be able to be out in a week or ten days; Holman Brown is also showing marked improvement and is able to take liquid nourishment; Miss Sutton and Mr. White are improving, though their sickness is not so far advanced as the first named patients.

Ernest and Elgin Broadbuss, two little sons of Mr. Frank Broadbuss, underwent operations at the hospital Tuesday for Adnoids, Miss Bettie Bruner of Bryantsville was also operated on for a slight head trouble. Dr. McClure came over from Lexington for the operations, he was accompanied by his nurse Miss Stevens.

A Board Of Council.

There is in circulation a petition asking that the names of Capt. William Herndon, G. S. Greenleaf, H. Clay Hamilton, Dr. B. P. Walters, W. M. Zanoné and R. P. Gregory be placed upon the ballot to be voted for at the coming November election for City Councilmen. The petition designates them as the "Progressives" and their device, under which they wish to run is a "Steam Roller". Their device is rather suggestive, considering the significance of the steam roller in Kentucky in the last few years, but the gentlemen say that it is only suggestive of the use made of that implement on Lancaster's streets, and has no reference to the more modern use of it in politics.

Embodied in this petition is the following words: "And these candidates favor earnestly the extension of the water works system at the earliest possible date."

This is the present council with the exception of Mr. James T. Hill, who because of ill health refused to stand for re-election, and the name of Mr. Parker Gregory was substituted in his stead. As yet we have heard of no other candidate or prospective candidates for the city council.

Joe McCormick Sells Farm.

Mr. Joe McCormick has sold his farm on Back Creek near Point Leavell to Mr. Sherman Cotton for \$90, per acre. The farm contained 401 acres and is a desirable place to live. Mr. Cotton will take possession on January 1, 1912. Mr. McCormick has for some time resided in Paint Lick, where he is connected with the mercantile establishment of Treadway & Woods. We have not heard his intentions, but suppose he will remain in Paint Lick.

Colored Meeting.

Rev. G. W. Mack, a colored evangelist of Mt. Sterling is here assisting the local colored Baptist minister in conducting a protracted meeting. Rev. Bailey the pastor tells us that considerable enthusiasm is being aroused, in fact one sister became so enthusiastic that she broke out one of the church windows. Rev. Bailey is also a physician, and the sister severely cut her arm in making her exit through the window, but the person took several stitches in the wound, dressed it and continued the services.

Supervisor W. G. Gooch Resigns.

Mr. W. G. Gooch last week tendered to the Fiscal Court his resignation as Supervisor of Turnpikes for Garrard county, which was accepted and John Kee Bourne was appointed to fill the vacancy. Mr. Gooch's action was prompted by the fact that he has sold his farm in this county and will move to Lincoln. Garrard county certainly sustains the loss of one of her best citizens in the removal of Mr. Gooch. He and his estimable family will be greatly missed in the community in which they reside, and Mr. Gooch's absence will be felt by the entire county as he is well and favorably known all over the county, having for several years served as Supervisor.

Mr. Bourne is a well known and popular young man and will no doubt fill the responsible position in an acceptable manner.

Paint Lick Lot Sale A Success

The sale of lots last Saturday at Paint Lick conducted by the United Realty & Auction Co. of Lexington was a great success. There was a splendid crowd present, the bidding was spirited and good prices were realized. Seventy lots and small tracts of land were sold, bringing from \$20. to \$110, each. The free lot was drawn by Mr. B. F. Richardson of Madison county and he was immediately offered a tidy sum for his good fortune. The following persons made purchases: Boyle Doty, three choice lots and he will erect some nice residences at once. Boyle is unmarried, and we suppose they will be for rent. Mr. Thomas Burnam bought 4 lots, Ernest Woods 3 lots, I. C. Rucker 4 lots, G. M. Green 2 lots, Mit Ross 3 lots, several were sold to Mr. Fitzpatrick and various other parties. Many of the purchasers have signified their intention of building at once and a boom is expected in Paint Lick in the near future.

Popular Garrard County Lady Weds.

The following announcement taken from Sunday's Courier Journal will be a great surprise to many friends of the bride in this her home county.

"The first marriage to be performed in the new First Christian church, Fourth and Breckinridge street, will take place Wednesday afternoon. Miss Katherine M. Arnold, superintendent of the children's Free Hospital, will become the wife of Henry McMakin, a farmer of Shelby County, and the ceremony will be solemnized in the parlor of the edifice. Miss Arnold is the daughter of James A. Arnold of Lancaster, and her marriage to Mr. McMakin will be the outcome of a courtship of a year."

You often read of the men who go from Garrard county into the outside world "making good", but you seldom see anything of the kind in regard to Garrard county women, however the term can well be made use of in the case of Miss Kate Arnold: she is one of the best known and most successful trained nurses in the state, and has held many positions of trust; she was for a time in charge of the Gray street Infirmary in Louisville and for the past six months she has been Superintendent of the Childrens Free Hospital. Miss Kate has a host of friends in Lancaster and Garrard county who will wish her every success in the years to come, and who will heartily congratulate the Shelby county gentleman who was so lucky as to secure such a good help mate.

JUDGE JOHN M. HARLAN.

Associate Justice Of The U. S. Supreme Court And Another One Of Kentucky's Illustrious Sons Passes To The Great Beyond.

Judge John Marshall Harlan, Associate Justice of the Supreme Court of the United States died at his home in Washington on last Saturday morning of bronchitis. Judge Harlan was at his court on the previous Tuesday and when he left for his home was complaining of a slight intestinal trouble and cold, but made light of it, and his colleagues expected soon to see him back at his post.

He was appointed to the Supreme Bench by President Hayes in 1877, he then being 44 years of age, and has served continually since, 33 years, his length of service only being exceeded by Chief Justice John M. Harlan, for whom he was named and by Justice Field.

John Marshall Harlan came of a distinguished Southern family. He was born in Boyle county June 1, 1833, of a family of lawyers and statesmen. He graduated from Center College in 1850 and later from Transylvania. His first office was that of county Judge of Franklin county. In 1859 William E. Simmons by a margin of sixty-seven votes, defeated the young Harlan, running on a Whig platform for Congress in the Ashland district.

When the Civil War broke out his mother handed him the sword which his father had used in the Mexican War, and he drew it as Colonel of a Union regiment serving until 1863 when he retired with the rank of Brigadier General. That year he was elected Attorney General of Kentucky, which office he retired from in 1867 and went to Louisville to practice law. In 1871 he was unanimously nominated for Governor by the Republicans, was defeated, and in 1875 he ran again, this time against James B. McCreary, who was successful.

In 1876 Gen. Harlan headed Kentucky's delegation to the Republican National Convention, giving Hayes the nomination by switching to him from Bristow with all of Kentucky's votes. He was later appointed a member of the famous Louisiana Commission, which decided the presidency in favor of Hayes over Tilden. In 1877 the grateful President appointed Gen. Harlan to the Supreme bench, which he quit Saturday for the grave.

Mr. Harlan was married in 1856 to Miss M. F. Shanklin, daughter of John Shanklin, of Evansville, Ind., to which union six children were born. He was a member of the Presbyterian Church and took an active part in all matters connected with the work of this denomination, having been vice moderator of the General Assembly in 1905. Judge Harlan was a man of commanding figure and striking personality, with a high order of administrative ability. He was an attractive and forcible speaker, and as a lawyer ranked with the ablest in the country. Justice Harlan leaves three sons and two daughters, James S. Harlan, a member of the Interstate Commerce Commission; John M. Harlan, Jr., a prominent attorney of Chicago, who at one time was candidate for Mayor of that city on the Republican ticket; Dr. Richard C. Harlan, a Presbyterian minister at Washington, D. C., and Misses Ruth and Laura Harlan.

Judge Harlan during his long and honorable career on the supreme bench has rendered many notable decisions, many of them being dissenting ones, the last and probably the most famous one, and the one which gained for him the name of "the great dissenter", being his opinion in the recent case of the Government against the Standard Oil Co. and which he rendered an opinion dissenting from the opinion rendered by his colleagues in the case, and in which he took occasion to use the following words:

"The court has read into the Sherman act words which are not to be found there, and has thereby done that which it adjudged in 1896 and 1898 could not be done without violating the Constitution."

"The courts have nothing to do with the wisdom or policy of an act of Congress."

"To overreach the action of Congress merely by judicial construction, is a blow at the integrity of our governmental system."

"The court has usurped the constitutional functions of the legislative branch of the Government."

Judge Harlan remains were laid at rest in beautiful Oak Hill cemetery in Washington, the Rev. Wallace Radcliffe of New York avenue Presbyterian church, an old friend of Judge Harlan, officiating.

Majestic Opening Week.

OCT. 30th to NOV. 4th,

\$7.50 worth of Ware given Free with each Range sold.

"Majestic Ranges stand the test And Cook and Bake and are the best."

Keep Abreast of the Times

IN OLDEN DAYS, when buying a cook stove, people would buy the one they could get the cheapest; that's because there were only a few makes on the market and were all practically the same in construction and material.

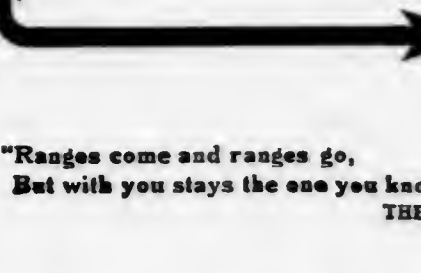

It's Different Now! There are clearly a thousand different ranges on the market today—good, bad and indifferent. Wise people use a little foresight in selecting their range, and they make no mistake in selecting THE RANGE WITH A REPUTATION—the range that is recommended by every user; the range that has stood the test—

The Great Majestic Range

the range that is made of MALLEABLE and CHARCOAL IRON—the range that SAVES FUEL—LASTS LONGER—COSTS PRACTICALLY NOTHING FOR REPAIRS—HEATS MORE WATER QUICKER AND HOTTER, and GIVES BETTER GENERAL SATISFACTION THAN ANY OTHER RANGE MADE—

and we can prove it!

J. R. Mount, Son & Co.

"Ranges come and ranges go, But with you stays the one you know"—THE MAJESTIC.

Frisbie, President of the local chapter leading the list, Mesdames Fannie Farra, S. C. Denny, Fred P. Frisbie, Ed C. Gaines, John W. Francis, Thomas Adams Misses Sophronia Fox and Jane Doty.

Just two weeks ago our dear little friend Louis Lane, son of Mr. and Mrs. Tom Lane, died we know that his dear mother and father and brothers and sisters will miss him. He was a very bright and attractive child to all knew him was to love him. His illness lasted 2 weeks through which he suffered untold agony, but he bore it all with patience and endurance. We know that it is hard to give him up, but God has called him and we must not murmur. The family have the sympathy of this community in their deep sorrow. "We loved him, yes we loved him. But Angels loved him more, And they have sweetly called him. To yonder shining shore. The golden gates were opened. A gentle voice said, come. And with farewell unspoken. He calmly returned home. — A Friend.

Just received a Car Load of Rex Cannel Coal which I will sell out at 14c on track or 15c del. H. B. Northcott

Mason Logan.

The marriage of Miss Edna Barbour Mason and Mr. William Fox Logan at the Presbyterian church in this city on Wednesday evening was one of the most beautiful evening weddings ever witnessed in Lancaster. The bridal altar was an immense mass of palms, ferns and other foliage with the groom's fraternity colors, the Phi Delta Theta blue and white, made evident in the ribbons and other decorations. At the hour of 8 the bride attired in bridal veil and hand embroidery white cheffon over satin and carrying a bunch of bride's roses, appeared at the doorway of the church, upon the arm of her father Mr. W. B. Mason.

At the strains of Mendelssohn's wedding march ably rendered by Miss Katie Lee Denny, the maid of honor Miss Sue Shelby Mason and brides maid Miss Letty Mae McRoberts, each gown in blue chiffon and carrying white carnations the fraternity flowers, passed down the length of the aisle from the alter to the church doorway, to accompany the bride, a beaific vision of blonde loveliness, to the hymenial shrine. The bride-groom was escorted by his brother Mr. Van Logan, of New York City, serving as best man, by the other groomsmen, Mr. Lewis Gill, of this city, and ushers, Messrs Shirley Hudson, Aleck Doty, Bascom and Elijah Ford, who formed an encircling group at the altar.

Reverend H. N. Falconer of Philadelphia, a brother-in-law of the bride, and Reverend C. C. Brown pastor of the Presbyterian church then took positions to perform the happy consummation, the Reverend Mr. Falconer in an exquisite worded ring ceremony sealing the marriage vows and the Reverend Connor Brown closing with a beaific benediction.

Before the ceremonial program were the following vocal selections charmingly rendered by Mrs. E. C. Barnard, of Washington City with Miss Walsh as accompanist: "I Love Thee" by Milbenberg, "I Promise Thee" by Boex.

"Because" by D' Harelott. "My Harp at Thy Sweet Voice" from the Orators of Sampson and Delilah "Rosalie" by DeKoven "I For You and You For Me" from Mendelssohn's Wedding Song. The bridal party passed out of the church to the strains of Wagner's March from Taunhaner, the newly wedded pair leaving in an auto at once for Lexington, Cincinnati, and a bridal sojourn of a fortnight with the grooms parents, Mr. and Mrs. John M. Logan of New York City.

The happy couple will be at home after November 1st, at 232 Pierce Street Kingston, Pennsylvania.

Kidney Troubles

CAN BE AVOIDED.

Kidney weakness is the forerunner of two dangerous diseases—Rheumatism and Bright's Disease. This weakness, slight at first is usually thought insignificant and therefore neglected. To avoid serious complications, treatment should start with the first hint of trouble.

Nyal's Stone Root Compound

If taken in time will insure perfect freedom from kidney disorders. It means strong, healthy kidneys, regular in their action and the blood free from injurious waste matter. 50c & \$1. the bottle.

5 thorough bred Hampshire hogs, 1
Jersey bull calf subject to register on
sires side. Phone S. H. Aldridge,
Hyattsville, Ky.

Several droves of fancy feeding cat-
tle have been driven through Lancaster
this week. They were headed for
Madison county and had been purchas-
ed in Boyle, Mercer and adjoining coun-
ties by the Madison raisers of export-
ers.

The turkey crop in Garrard county
will fall below the average, both in
quality and quantity. This fact is hard
to account for, as this was an unusually
good year for turkeys, because of the
dry weather. Local dealers are offer-
ing 14 cents for them, but it is safe to
say they will soar far above that price
before Thanksgiving.

W. B. Burton purchased the follow-
ing stock during the week; of Chas
Curran, of Perryville, a 3 year old sad-
dle gelding for \$200.00; of George Brun-
ner of Bryansville, a 5 year old gray
horse for \$185.00; of Zack Smalley of
Perryville, a harness gelding for \$145.
of Robert Bourne of Lancaster a horse
for \$150.; of R. L. Barnett a horse for
\$150.; of Andrew Thompson a horse for
\$110. and a horse of R. E. Thompson
for \$125. He also bought of Cleveland
Bourne a 4 year old mare mule for
\$210.

The Chicago Breeders Gazette, com-
menting on our State Fair says:
"Those who have raised fruit exten-
sively in Kentucky seem to be very
enthusiastic over the business. They
assert that this is destined to become
a noted fruit state, and certainly the
long tabled loaded with big perfect
highly colored specimens of large and
small fruits furnished convincing evi-
dence. Last spring some orchardists
used smudge pots on chilly nights;
others told of effectively protecting
their trees from frost by burning
bundles of rye, straw, starting fires
with dry bundles and then adding damp
ones to the piles.

H. F. Hillenmeyer, the widely known
nurseryman, of Lexington, who has
always been a close student of Natural
phenomena, weather conditions and the
like, says that the farmers and tobacco
growers need have no fears of frost so
long as the ground is as wet as it is, as
a result of the of the recent rains. He
says that a killing frost never comes
when the ground is wet, and that while
the growers should exercise due dili-
gence to get their tobacco housed, pre-
cipitate haste is not advisable, as it
may be several days before Jack Frost
reaches this section. Mr. Hillenmeyer
regards the present wet spell advan-
tages in more ways than one, as it
prevents the grasshopper and Hessian
fly getting in their work.

like, says that the farmers and tobacco
growers need have no fears of frost so
long as the ground is as wet as it is, as
a result of the of the recent rains. He
says that a killing frost never comes
when the ground is wet, and that while
the growers should exercise due dili-
gence to get their tobacco housed, pre-
cipitate haste is not advisable, as it
may be several days before Jack Frost
reaches this section. Mr. Hillenmeyer
regards the present wet spell advan-
tages in more ways than one, as it
prevents the grasshopper and Hessian
fly getting in their work.

Gives Aid To Strikers.

Sometimes liver, kidneys and bowels
seem to go on a strike and refuse to
work right. Then you need those
pleasant little strike-breakers—Dr.
King's Life Pills—to give them natu-
ral aid and gently compel proper action.
Excellent health soon follows. Try
them. 25c at R. E. McRoberts & Son.

House And Chicks.

Now, as the cool nights are coming
on, all the chickens, whether old or
young, should be made to roost in the
house. If any are too small to fly up
on roost, they should have a separate
house and be allowed to roost on the
floor, but by no means be allowed to
roost out in the open where they will
be subject to colds from the dampness.
They should have plenty of fresh air
but rain or dew will be fatal to them.

The old fowls which have been per-
haps allowed to roost in trees or on
fences during the summer must now be
made to go into the house, for winter
at least. Hens must be protected dur-
ing cold nights, if we expect them to
lay, and besides, it looks bad to see a
lot of hens in the trees. A house
should be dry and free of draughts,
though the front should be open to al-
low plenty of fresh air.

On bad days they should be given
grain in the shed and be made to
scratch, so that they will not be forced
to go out in the rain to hunt food.

Averts Awful Tragedy.

Timely advice given Mrs. C. Will-
oughby, of Marengo, Wis., (R. No. 1)
prevented a dreadful tragedy and saved
two lives. Doctors had said her fright-
ful cough was a "consumption" cough
and could do little to help her. After
many remedies failed, her aunt urged
her to take Dr. King's New Discov-
ery. "I have been using it for some
time," she wrote "and the awful cough
has almost gone. It also saved my
little boy when taken with a severe
bronchial trouble." This matchless
medicine has no equal for throat and
lung troubles. Price 50c and \$1.00.
Trial bottle free. Guaranteed by R. E.
McRoberts & Son. 1m

Turn Evil Into Good.

Madagascar is visited every year
with a plague of locusts, which does a
vast amount of damage to the crops
but it is an ill wind that blows no-
body good, and so these insects are
highly esteemed as food by the na-
tives. The locusts fly within two or
three feet of the ground, and, on the
approach of a swarm, the people rush
out of their huts and strike them
down with flat baskets. Then the
women and children gather them up
from the ground in sacks, where they
are divided of wings and legs by a
severe snaking up. These extremities
are carefully winnowed out, the bodies
fried in the sun or fried in fat, and
then packed in sacks for food or sold
in the markets.

BETSY'S POINTERS

Persons born during this month are
possessed of much will power, great
tact and taste, are courteous and af-
fable, are noted for their wit and last
but not least show that they know a
good thing as soon as they commence
to trade with R. S. BROWN. The
store that sells Cadet Stockings.

One of Life's Mysteries.
Why is it that the same remark
which draws a laugh if made by one
is a sure sign for a fight if made by
another?

TOO MUCH LOVE

Too much love for fun, frolic and
rich food causes stomach, liver, kid-
ney and nervous troubles. Other
remedies help you but DENNY'S
SURE, SAFE AND SPEEDY cures
you. Our discoverer, ten years a
miserable sufferer with the above
troubles, and RHEUMATISM for
years, was cured in one week. To
prove our remedy, while they last,
regular size bottles only 25c at.....
Stormes Drug Store.

POSTED

The undersigned hereby give warn-
ing to all persons not to trespass upon
our lands for any purpose whatever as
we will prosecute all offenders to ful-
lest extent of the law. Hunters and
Fishermen especially take notice.

LAME EVERY MORNING.

A Bad Back Is Always Worse In The
Morning Lancaster People Are Find-
ing Relief.

A back that aches all day and causes
discomfort at night is usually worse
in the morning. Makes you feel as if
you hadn't slept at all.
Can't cure a bad back until you cure
the kidneys. Doan's Kidney Pills re-
lieve sick kidneys—make you feel bet-
ter, work better, rest better and sleep
better.

The following statement proves the
merit of Doan's.

L. W. Cox, 302 Bowyer St., Lexing-
ton, Ky., says: "My occupation re-
quired much heavy lifting and I be-
lieve that this was the cause of my
trouble. I first noticed a dull pain in
my back which became so acute that
I could not rest. When I arose in the
morning, I was lame and stiff and felt
so tired that I could hardly commence
the day's duties. My kidney's were
also disordered and the kidney secre-
tions caused me annoyance by their
frequency in passage. I doctored and
tried any number of remedies but
could find no relief. When suffering
severely I had Doan's Kidney Pills
brought to my attention and deciding
to take them, I procured a supply. I
soon improved and after I had taken
the contents of a few boxes I was
cured."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sold agents for the United
States.

Remember the name—Doan's—and
take no other. 1m

MARESBURY.

Born to the wife of Mr. Johnson,
Speaks a girl.

Rev. Stallings has resigned his pasto-
rate at this place.

Mr. Villa Speaks of Ottenheim was
visiting his brother last Sunday.

Mrs. White Marsee of Lancaster was
the guest of her parents a few days
ago.

Little Miss Emily Bourne while play-
ing at school Friday fell and broke her
arm.

The Ladies Working Society will
meet with Mrs J. B. Kemper next
Thursday.

Mr. and Mrs. Mobley of Harrodsburg
have been visiting their daughter Mrs.
Johnson Speaks.

Mr. Joe Tuggle of Portsmouth Va.
has been visiting his parents Mr. and
Mrs. Wm. Tuggle.

Messrs Junah and Noah Marsee went
to Mt Hebron Sunday to visit their
mother Mrs. Marsee.

Mr. Milton Elliot of Lexington has
been visiting his brother Dr. Mack
Elliot for several days.

Mrs. Morten Robinson gave a linen
shower last week in honor of Miss
Cyrena Dunn of Danville.

Miss Susan Sutton attended services
at Lancaster Sunday and was the guest
of her sister Mrs. Ben Hughes.

Dandruff And Itching Scalp Yield To Zemo

Treatment 3

Why should you continue to experi-
ment with salves, greasy lotions and
fancy hair dressings trying to rid your
scalp of germ life. They can't do it
because they cannot penetrate to the
seat of the trouble and draw the germ
life to the surface of the scalp and de-
stroy it.

Why not try a PROVEN REMEDY?
One that will do this. We have a
remedy that will rid the scalp of germ
life and in this way will cure DAND-
RUFF AND ITCHING SCALP.

This remedy is ZEMO, a clean refined
penetrating scalp tonic that goes right
to the seat of the trouble and drives
the germ life to the surface and de-
stroys it.

A shampoo with ZEMO (AFTISEP-
TIC) SOAP and one application of
ZEMO will entirely rid the scalp of
dandruff and scurf. Do not hesitate,
but get a bottle of ZEMO today. It
acts on a new principle and will do ex-
actly what we claim for it.

Sold and endorsed by R. E. Mc-
Roberts & Son Drug Store.

Is The World Growing Better.

Many things go to prove that it is.
The way thousands are trying to help
others is proof. Among them is Mrs.
W. W. Gould, of Pittsfield, N. H.
Finding good health by taking Electric
Bitters, she now advises other suffer-
ers, everywhere, to take them. "For
